

Yr 7 Birds Project

Abigail Brown is an artist who has created over 100 species of birds using a 3D method of fabric, wire and thread. Abigail Brown's work uses a variety of different coloured fabrics to create a sense of realism in her work.

Texture-how something looks or feels (eg. Smooth, bumpy, rough, soft)

• How to use papier mache

1. Add a small amount of paste to your hands and smooth this over a section of your bird.

2. Add small strips of newspaper going in the same direction to the pasted area.

3. Add more paste over the top.

Paper Modelling

- Building
- Accuracy
- Precision
- Create
- 3 dimensional
- Layering

Use your pencil with **varying pressure** to create a **range of different tones**. Remember to observe the **shades and tones** carefully
